

MICROYL™

CROP OIL REPLACEMENT ADJUVANT

PRINCIPAL FUNCTIONING AGENTS:

Paraffin base petroleum oil	60%
Surfactant blend	40%
TOTAL	100%

All ingredients are approved for use under Title 40 CFR 180.1001(c)

CAUTION: KEEP OUT OF REACH OF CHILDREN

PERSONAL PROTECTION EQUIPMENT (PPE): Applicators and other handlers of this chemical must wear: Long-sleeved shirts, pants, shoes and socks, rubber or PVC gloves, splash goggles or face shield. Consult the MSDS for further information.

PRECAUTIONARY STATEMENTS: Before using this product, read the entire label, including the conditions of sale.

May cause irritation to skin and eyes. Ingestion of large amounts may cause mucosal irritation, dizziness, nausea, and possible vomiting.

STATEMENT OF PRACTICAL TREATMENT

- If Swallowed:** Give a large amount of water to drink. Induce vomiting. Seek medical attention immediately.
- If Inhaled:** Remove to fresh air. If person is having difficulty breathing, give oxygen and get emergency medical help immediately.
- If In Eyes:** Flush with water for 15 minutes, lifting lower and upper lids. Seek medical attention immediately.
- If In Skin:** Remove contaminated clothing. Wash skin contact area with plenty of soap and water.

GENERAL INFORMATION: MICROYL is a unique activator adjuvant that provides superior performance and improved turfgrass safety at lower use rates when compared to ordinary crop oil concentrates.

FOR USE WITH PESTICIDES REGISTERED FOR GOLFCOURSES, SOD FARMS, RECREATIONAL, COMMERCIAL AND RESIDENTIAL TURFGRASS AREAS, AS WELL AS SPORTS GRASS PLAYING SURFACES AND NONCROPLAND

DIRECTIONS FOR USE: The addition of adjuvants to some pesticides and / or fertilizers and their tank mixes may cause phytotoxicity to the foliage and / or fruit of desirable crops. Before using MICROYL, the applicator or crops advisor must have experience with the pesticide combination, including MICROYL, or must have conducted a phytotoxicity test. Do not use this product in a manner inconsistent with labeling. MICROYL increases the activity of many pesticides; therefore, care must be taken when treating sensitive crops during periods of drought stress, high temperatures or high humidity.

USE RATES

Apply at .375 - .5% v/v, (3-4 pints of MICROYL per 100 gallons of spray solution)

MIXING

Always mix this product in accordance with the instructions found on the pesticide label concerning adjuvants. In the absence of specific mixing instructions, fill the spray tank 1/2 to 3/4 full of desired water volume. While the water is agitating, add tank mix ingredients in the following order:

1. If foaming is anticipated, use an antifoam/defoamer such as KNOCKDOWN™
2. Ammonium sulfate, fertilizers and micronutrients
3. Water-soluble packets, dry flowables and dispersible granule pesticides
4. Flowable pesticides
5. Water-soluble pesticides
6. Emulsifiable concentrate pesticides
7. Continue agitation and finish filling spray tank to desired level
8. Add MICROYL to the spray solution last; maintain agitation while spraying to ensure a uniform spray mixture

STORAGE AND DISPOSAL

Do not use, spill or store near heat or open flame. Keep container closed tightly when not in use. Prevent water from being introduced to the contents of this container. Do not reuse empty container. Dispose of container in a safe manner in accordance with federal, state and local regulations.

CONDITIONS OF SALE

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, Inc. warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
